Reliable Alarm Response

So you've got one of the best alarm systems available. And it's monitored 24/7 for break-ins. But what about reliable back-up? Are you relying on friends or neighbours to keep an eye on your home or respond to alarms while you're away? Thieves can come and go in a flash and often police are too tied up to attend alarm calls in a timely fashion. To provide you with total peace of mind, Commissionaires – Canada's largest and most respected security organization – is offering an alarm response service that's affordable and reliable 24/7. If your alarm goes off, trust us to respond immediately in person, 24/7.

HOUSEWATCH So You Can Travel in Peace

Next time you are going away, whether for a day or several months, don't leave your house to chance – leave it to Commissionaires. Let us ensure your home is safe and secure from accidents or intrusions. Our complete, cost-effective HOUSEWATCH package includes:

- > secure daily, bi-weekly, or weekly checks to verify that doors and windows are locked;
- > full interior, exterior checks and/or drive-by checks – you choose;
- > our visit times are varied so cannot be predicted.

Many homeowners are not aware that standard home insurance frequently does not cover damage incurred while a house is vacant, if it is not inspected on a regular basis. Our residential service can provide you with the house visit schedule required by your insurance company.
